

6.7. Ancillary Services

1) PRODUCT TRANSFER ORDERS

Shippers may request transfer of title or ownership of commodities tendered for transportation after they have been received by Buckeye. The Product Transfer Order (“PTO”) service is available to shippers desiring to transfer title of commodities to another shipper while they are in custody of Buckeye; a PTO effectively transfers all of the obligations associated with being a shipper of a particular commodity batch to another shipper.

A) PROCESS

All PTO requests will be initiated and processed through the Transport4 (“T4”) electronic interface system.

PTO requests may be initiated by either the buyer or seller of the commodities. T4 will route the initial PTO request to the counterparty to the transaction for their acceptance and approval. After the request has been approved by the counterparty, T4 will route the request to Buckeye for final approval and execution.

PTO requests (with approval by the transaction counterparty) should be submitted to Buckeye at least one business day (defined here as a non-holiday weekday) before the time scheduled for the start of delivery of the Commodities. PTOs cannot be accepted or approved either after the start or completion of delivery of commodities.

It is Buckeye’s policy to make reasonable efforts to accommodate, approve, and promptly process the PTO requests it receives. However, there may be certain instances where Buckeye does not accommodate or approve a PTO request for some operating, scheduling, administrative or other reason. Shippers are advised that Buckeye has no obligation to accept or process PTOs and makes no guarantee, and can offer no assurance, that a PTO request will be approved or accommodated. Buckeye will not be liable for any claims for direct, indirect, incidental or consequential damages, including but not limited to lost profits or other economic loss stemming from its failure to approve, accommodate or process a PTO request.

B) TRANSFER LOCATION AND TRANSPORTATION CHARGES

All PTOs will be ticketed at the point of product receipt. Transportation charges will be invoiced to the buyer (shipper receiving title) of the commodities.

C) FEES

A transfer fee of seven cents (7.0¢) per barrel of volume transferred will be assessed to the seller of the commodities. Each PTO is subject to a minimum transfer fee of seven hundred dollars (\$700.00).
