▲ BUFFER MATERIAL: For each shipment made pursuant to this tariff, the Shipper is required to provide at least 600 barrels (or some pro rata portion thereof) of buffer material which consist of product currently shipped on the system pursuant to NORCO Pipe Line Company, L.L.C. Rules and Regulations FERC Tariff No. 2, supplements thereto and/or reissues thereof, or other product as reasonably agreed by Shipper and Carrier. Shipper shall pay the applicable tariff for buffer material that consists of product for which there is a Carrier tariff posted. For buffer material which consists of product for which Carrier does not have a posted tariff, Shipper shall pay the rate posted herein. Shipper is responsible for the handling and disposition of all buffer material at the destination. Buffer material (or a pro rata portion thereof) will be delivered with Shipper's Naphtha unless Shipper provides facilities for alternative delivery.
