Volume Accounting

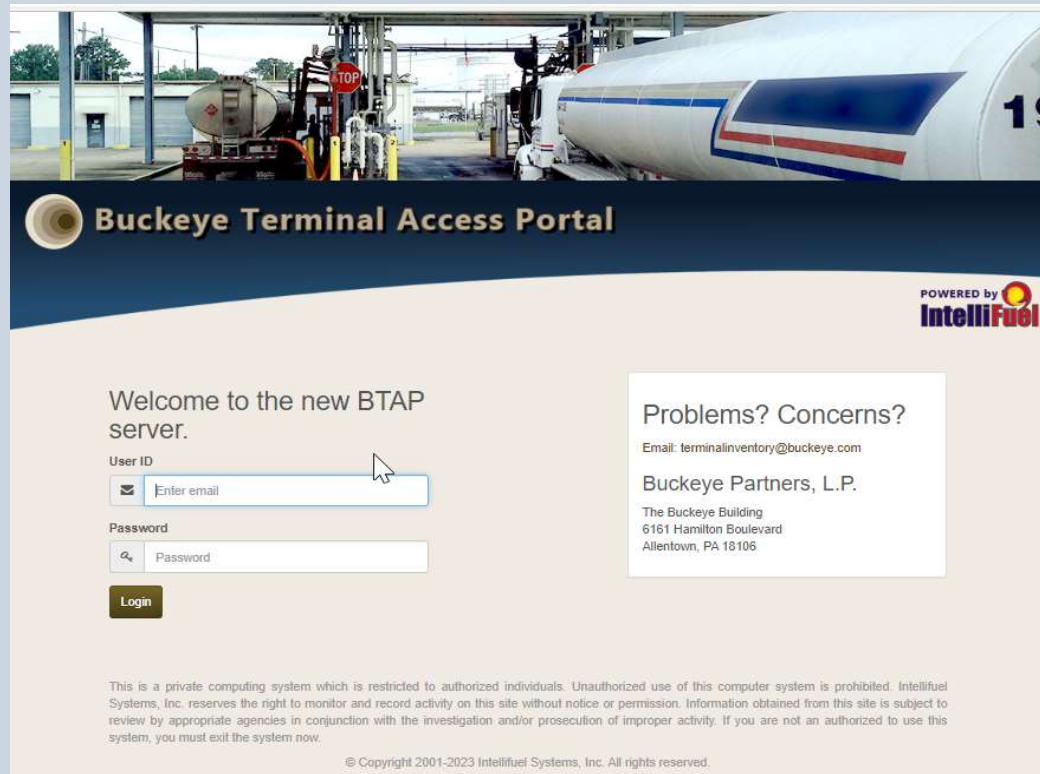

What We Do

- Accounting Customer Service:
 - We resolve transaction entry error's
 - We reconcile missing or invalid entries
- Over/Short – Settlement:
 - Answer product, price, volume questions on over/short invoices
 - Review all products at every terminal on every month end close
 - Ensure invoices are based on contract terms for over/shorts
- Portal:
 - New user setups and Password Resets
 - Training on how to navigate and optimize usage of the Portal

Rack BOL Images

The screenshot shows a web application interface for searching BOLs. The top navigation bar includes 'Reports', 'TEST', 'Exports', 'Tools', and 'Utility'. The main content area is titled 'ANNOUNCEMENTS' and contains search filters: 'Select Terminal(s):' with a dropdown set to 'ALL - ALL TERMINALS', 'Select State(s):' with a dropdown showing 'ALL - ALL States', 'AL - Alabama', 'AR - Arkansas', 'AZ - Arizona', and 'CA - California', 'Beginning Date:' and 'Ending Date:' both set to '18 Apr 2024'. Below these is a 'Single BOL search #' field with a 'SEARCH' button and a note: 'Note: the date range is not used for a single BOL search.' At the bottom left are 'VIEW CHECKED' and 'VIEW ALL BELOW' buttons. On the right, a 'Tools' dropdown menu is open, showing 'Auto Reports', 'MY EMAIL', and 'Images' (which is highlighted with a hand cursor).

- Select individual terminals or all terminals at once – for single days or multiple days/months.
- BOL Image Includes Driver Signature
- Single BOL Search: If you know the BOL number you can enter it and only pull that BOL. No date criteria needed but you do need to select the terminal.

Report / Exports

Stock Reports:

- **Inv Sum Prod-Term BBL or GAL** – Provides inventory by product for all terminals at which there is inventory, including bottoms. This report shows if a folio has not yet closed
- **MTD Stock, MTD Stock Gallons** – Provides data by terminal, by product, by folio and only displays closed folio data (Opening Inv + Receipts – Bulk Disposals – Rack disposals +/- Transfers +/- Others = Ending Book vs Physical)
- **Current MTD Stock, Current MTD Stock Gallons** – Similar data as the MTD Stock but includes frozen and current folio data as well. This is most used by scheduling.
- **Product Summary, Product Activity** – Product Summary shows stock data by folio in both bbls and gals. Additives in gallons only. Product Activity grouped by base code and shows customer and account.

Transaction Reports:

- **Rack Activity, Bulk Activity, BOL Liftings, BOL Details** – Provides transactional data

BUCKEYE PARTNERS

2025 *Customer Conference*

Product Summary

Shows stock data MTD in both bbls, gallons, and then additives (in gallons).

BUCKEYE PARTNERS, L.P.
